My friends don't know I have HIV

Sam is 17 and has had HIV since birth. He tells TheSite.org his story.

Insisting on condoms

So you bought them, you've pulled and now you need to insist the damn thing makes it on. Let TheSite.org guide you.

Myths about HIV

HIV isn't necessarily the death sentence it was once considered. Sort the myths from the facts here.

“My Facebook isn’t necessarily me. It’s an extension of me.”

“43% of young people prefer sites where they have the opportunity to provide advice as well as receive it.”

“Over three quarters of young people thought the internet was a safe place as long as you knew what you were doing.”

“They are active seekers of interaction and expect feedback as part of their navigation and relationship with others.”
